FEATURES

MANAGE CONTACTS AND CLIENTS

Keep your address book updated, clean and always available. Monitor client activities, add Notes and create a log of time spent for a client.

MANAGE TO-DOS

Add new to-do, assign, prioritize and track progress. Get your to-do list organized and prioritize your activities, so you know exactly what to focus on.

UPDATE CALENDAR

Schedule your events better. Switch between month, week and day views. Create and schedule repeating events and set reminders for upcoming events.

MANAGE NOTES

Add/Edit Notes to your time entries for clients. Send a Note as email. Add, view, edit and delete notes quickly and easily.

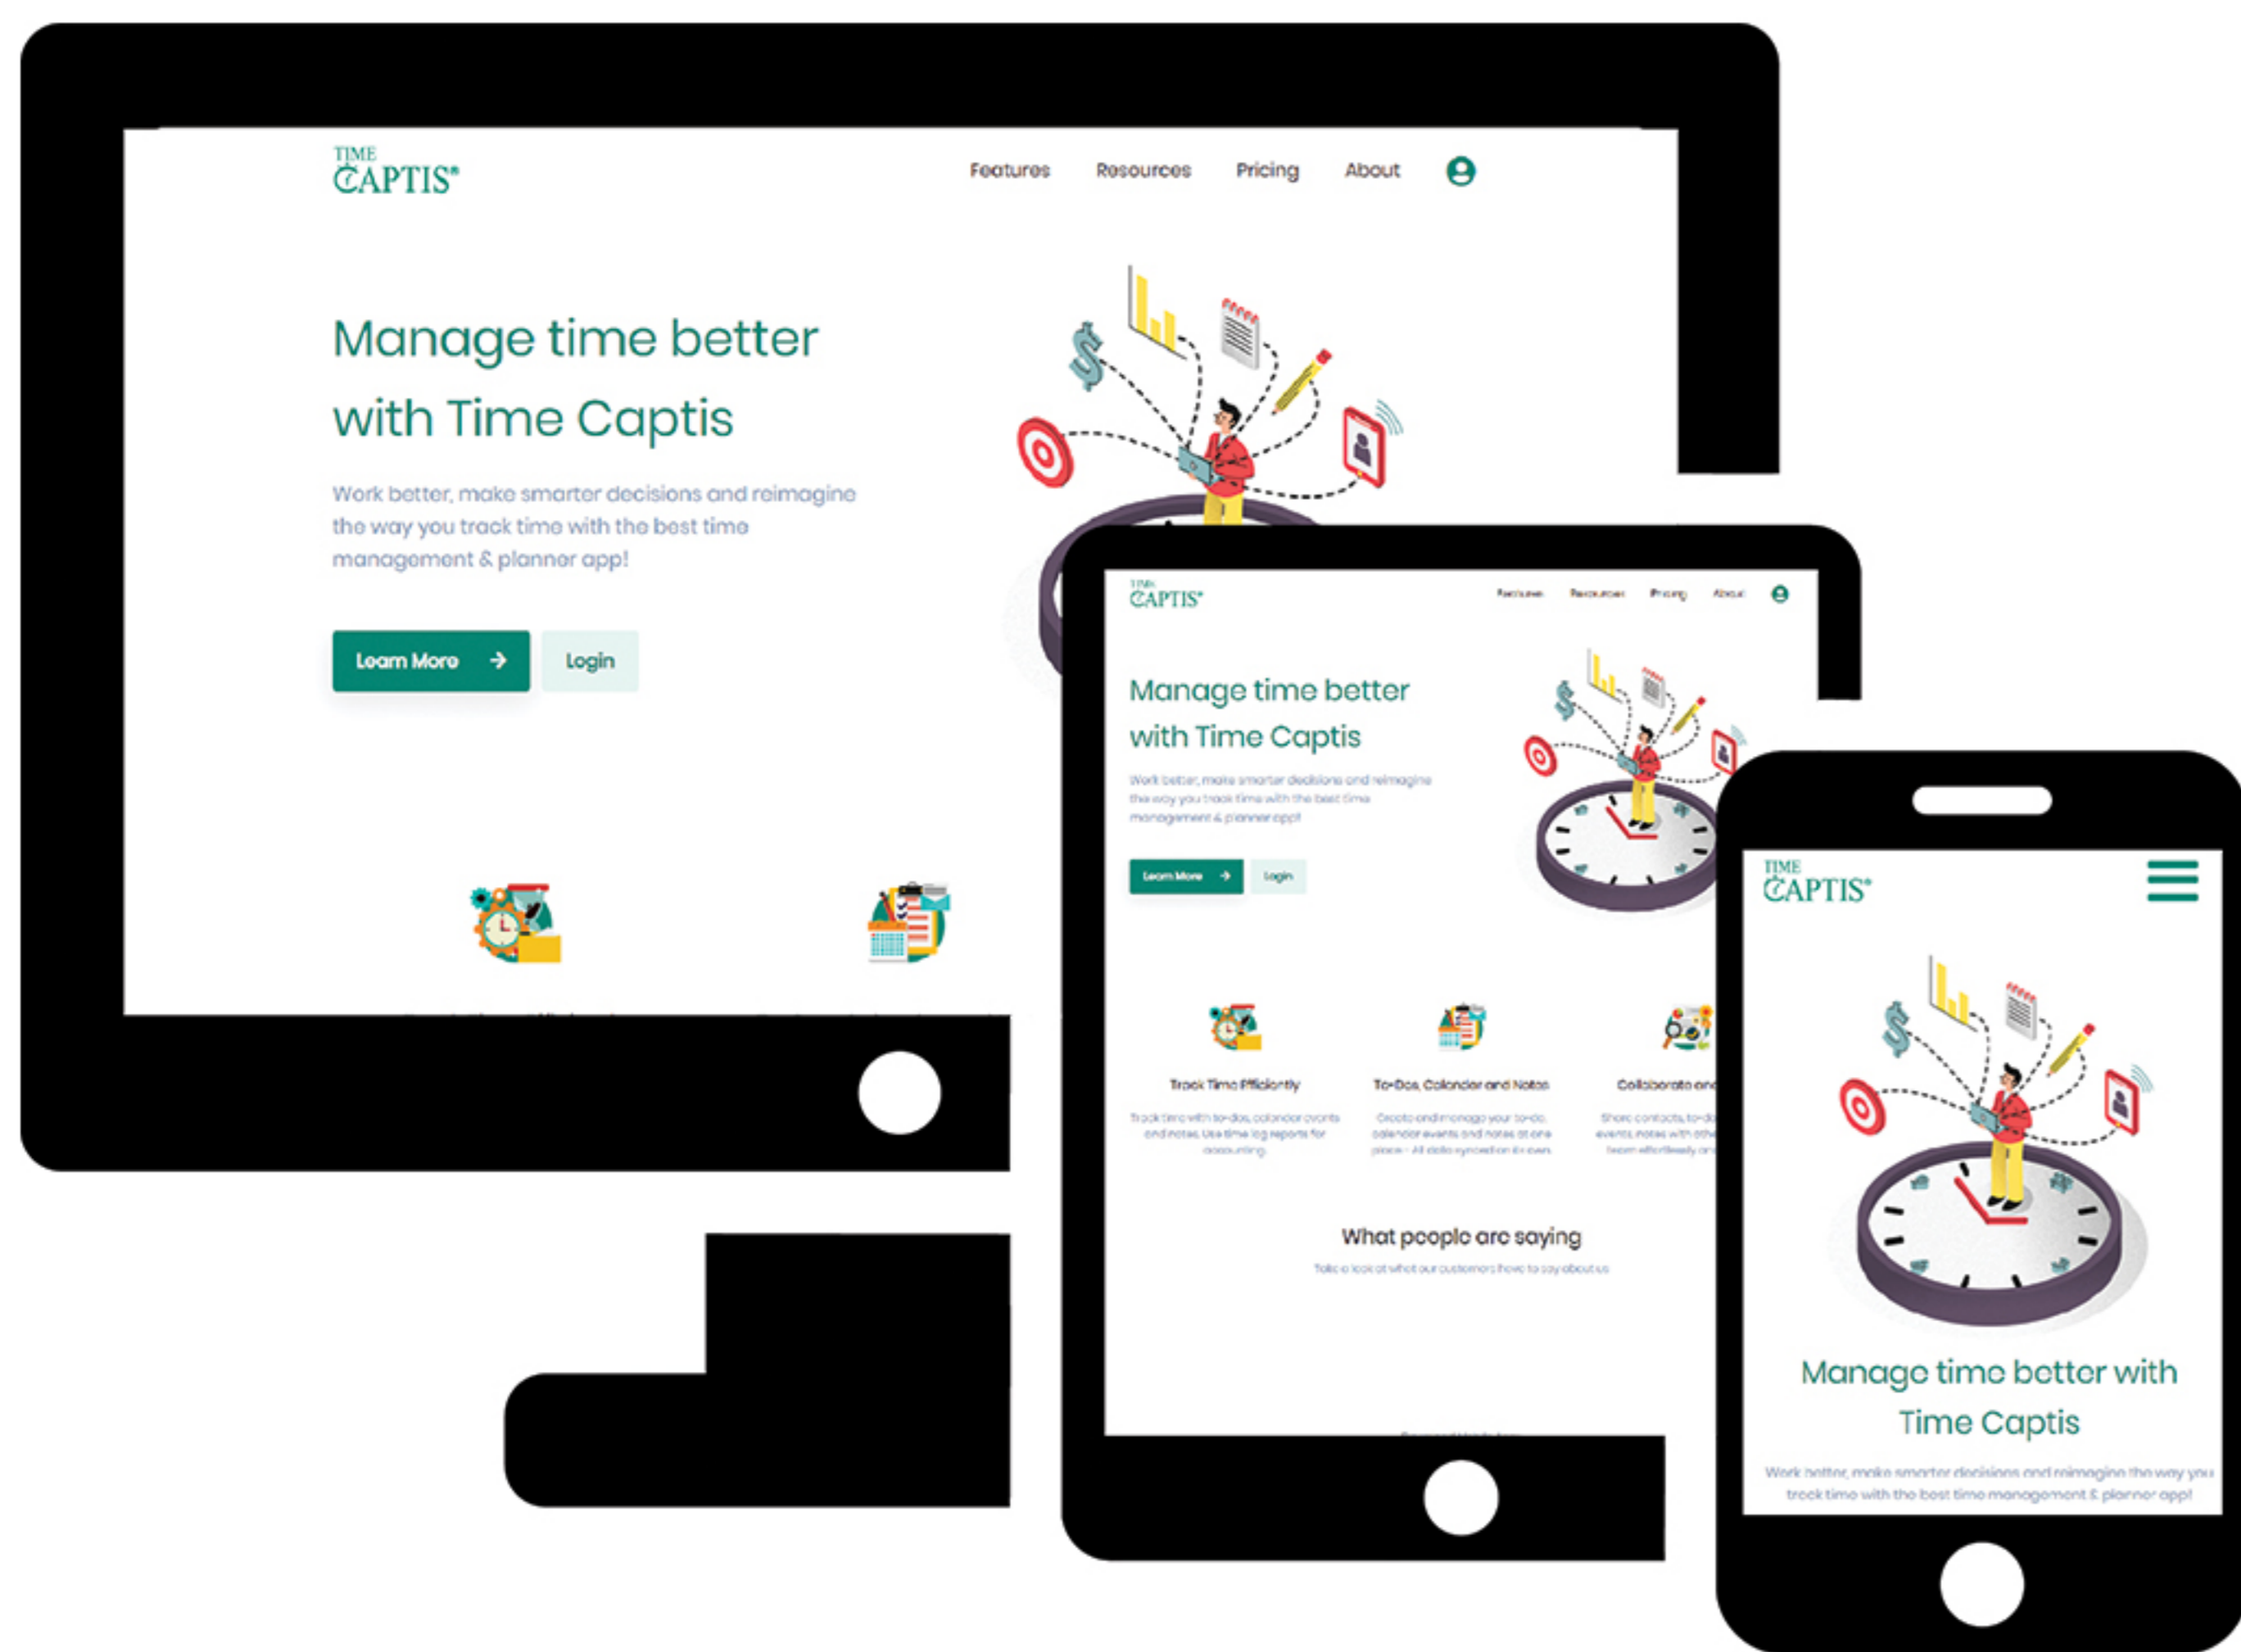

CAPTURE TIME

Quickly capture your time for different activities against contacts, to-dos, etc. Enter your time from anywhere. Use the timesheet for accounting.

REPORTS AND DASHBOARD

Access customizable Dashboard and different reports. Export reports into spreadsheet or as PDF for further analysis and visualization.

DATA SECURITY

We take security seriously. All your data is hosted in Type IV data centres that adhere to all the major security standards.

Time Captis is on SSL and we ensure that it is always up to date with the latest security patches to keep your data safe.

NO MAJOR HARDWARE REQUIREMENTS

You can access and use Time Captis wherever you have an Internet connection using any device running a supported browser with JavaScript enabled. Make sure that you use the latest version of the browser for security reasons.

MOBILE APPS AVAILABLE

Time Captis is available for your Android and iOS. The mobile apps make it easy for you to track your time and organize your information while you are on the go.

NOT JUST TIME TRACKING

No learning curve to get started and is effortless for you to track and manage your time. In addition, you can manage your to-dos, contacts, calendar, notes, generate Reports and collaborate with Messages.

Time Captis effectively manages your time, organizes your data and activities within one single app, and improves your productivity.

SAAS-BASED DELIVERY

Time Captis is available as software as a service (SaaS) for your professional needs like managing to-dos, contacts, calendar and notes. Track your time from anywhere and at any time with a simple web browser in a secure way.

USAGE FOR PROFESSIONALS AT WORK

Stay focused on important tasks and be more productive. Track every minute of your billable time. Create and send invoices. Complete tasks within timeline and know the performance of your team(s).
